HIGH ERCALL PRIMARY SCHOOL

HISTORY KEY CONCEPTS

KS2

THESE ARE OUR GOLDEN THREADS

Our whole history curriculum is woven around these substantive concepts. We meet them again and again, building on our prior knowledge each time and connecting new learning to what we already know.

ARCHAEOLOGY	Studying the past by examining objects, buildings and other evidence that people have left behind.
SOCIAL JUSTICE	How fairly people are treated in society, including their rights, opportunities and freedoms.
CONFLICT	A serious disagreement or struggle between people, groups or countries, which can sometimes lead to war or violence.
CIVILISATION	An organised society with its own government, beliefs, culture, settlements and ways of living and working together.
MONARCHY	A system of government in which a monarch, such as a king or queen, is the head of state, usually inheriting their position.
RELIGION	A set of beliefs and practices about God, gods or the spiritual world that can influence people's values, traditions and way of life.

KEEP THINKING LIKE A HISTORIAN!

What do I already know? • What is similar or different? • What new knowledge can I add?
