Disco Fever!!!

Loud music, sweets, crisps, a rose, and foam—what more can I say?!!!

What a fun evening we had last night with our Valentine’s disco. The children had a fab time, and were brilliantly behaved at our first disco for 3 years!

A massive thank you to Lydia Simper for organising and all the staff and parents who came to help. We can’t do it without you.

The most important part of the evening was to have fun—and we know the children did that! We also managed to raise £249.79, which is a lovely amount to raise, and will go towards further plans to improve our outside space.

New playground markings have now been booked in for over the Easter holidays, as a result of money raised through FHEPS. Really looking forward to seeing those!

Online Safety

Please do look at the newsletter which I sent out this week. It is also stored on our Online Safety page on our website: <http://www.highercallprimary.co.uk/school-information/online-safety>

Here’s Class 5 learning about spreadsheet formulae on our school laptops. We have T&W filtering in place and monitoring software to keep our children safe.

Chill Club bookings for Spring 2

Please note that a letter came home earlier this week with a link for Chill and Breakfast Club bookings for after half term. Please do book on so we can set this up for you in advance. All coach led clubs will continue as these book for the term.

Parent Conversation dates

Please note that the days for Parent Conversations have been set—and are in the calendar above. As usual you will be able to book your meetings through the online platform, and a letter will come out with plenty of notice.

Maths Workshop

Thank you if you were able to attend our workshop last Friday afternoon. It was good to be able to share information about how we use Maths

Shed and TTRS to improve fluency in maths facts. If you weren't able to attend—please do look at our website at the presentation, and in general at the information about maths on that curriculum page. <http://www.highercallprimary.co.uk/curriculum/teaching-mathematics>
