## What's been going on this week?

Lots of lovely things happening this week! The children are well into their routines and their curriculum areas. I hope that they do talk about what they are doing, but do use the photos on the website to help too! All the class pages have a folder full of photos.

## Phonics workshop

Many thanks if you could attend the workshop this week to find out about how we teach phonics in school. Please do spend some time looking at our website which also gives you lots of curriculum information.

## Class 3 village walk

It is great that we can use our local village as part of our Geography learning. Lots of things to find out about and map skills which can be taught! Pedestrian safety will come later in the year—which is always vital. It's important to us that the children know about our local area.

Please note that our audited school fund accounts are now on the website for 22-23.

If you would like your child to have a sandwich, then please fill in the form below.
