| Friday 28th May               | Break up for half term   |

**Feedback**

This is a difficult time, and we are trying to ensure that we are keeping in good contact with all our families. We will try to make phone contact with everyone in the coming weeks to catch up with you. If you have any feedback about the remote learning—positive or any thoughts on how we can help you more, please email me directly. A survey will come home soon to help us.

Well done to our 5R Stars—these are children working at home and school. We know you are all working hard and it is difficult to choose just one child! Well done to all of you too.

Our 5Rs are being:

**Respectful, Resilient, Responsible, Reflective, Resourceful**

**Arthog Experience—Year 6**

Please note that we have been able to change the date for the local Arthog 4 day experience for the year 6 children. It will now be in the last week before the May half term. Praying we will be back to some form of normality by then.

**Well done to:**

- Class 5: Millie W—being resilient
- Class 4: Emily P—being resilient
- Class 3: Maddie R—being resourceful
- Class 2: Harry—being reflective
- Class 1: Ryan—being resilient

**Technology**

Please remember that if you are finding that you have a problem with technology or broadband, then please contact us at school. We can help.

**Home Learning**

**COVID update—reminders**

**A few new updates this week—please note:**

- Staff start twice weekly lateral flow testing next week to try to identify any asymptomatic cases. This is a national measure. If any staff member tests positive, we will follow the protocol for bubble closure and you would be informed.
- Do not send children into school with any illness please. Book a test if they are exhibiting any symptoms on the precautionary list.
- If you are isolating due to track and trace, it is preferable that you keep children at home with you and they switch to remote learning for that period. This helps reduce potential spread in school. This is not mandatory from guidance but I hope you would support us with this.
- Inform me via email of any testing and outcomes over the weekend please.

We hope that you feel like you are now getting into a pattern with learning at home. Some key points:

- Please register by 9.15am.
- All maths and English learning has an associated video teaching or PowerPoint with voiceover. Please watch these first for new teaching. If you have any problems with these please contact us at school.
- There is daily reading, Times Table Rockstars (Classes 3,4,5), EdShed and Phonics Bug (Classes 1 and 2) for all children.
- Getting outside, playing games, being on a bike etc are all really important too. There are PE links and ideas for outside learning which match what we are doing in school.
- We are looking at further TEAMs sessions—starting with Class 4, now Class 5 is up and running.
- WE ARE HERE TO HELP. CONTACT US.**
