**What's been going on?**

Class 3 have started their new art unit by looking at natural resources on the school grounds. Lovely to be able to use our garden areas as they start to grow in the warmer (!) weather.

Class 4 continue their athletic skills with shotput! Not with a proper shotput though!

Class 2 have been learning about mass and using scales to compare.

Some lovely teamwork in Class 1 building outside!

Apologies for the technical difficulties last week—I wasn't aware until Sunday that the newsletter had not come out to you as usual on the Friday. Then I still couldn't send it out to you! It is posted on the website each week too so if there is a problem, it will be on there. Hopefully all issues are now resolved!

**Parent workshop—Thursday 9th May at 3.30pm**

Just a reminder that we have a lovely parent workshop coming up—including a chance to see some of the children's learning as photos and videos that we use as an alternative way to record learning. Find out about the wide range of subjects we teach in PSHE: from road safety to learning about money, to learning about relaxing, to thinking about keeping safe in all sorts of ways. It's a wide ranging subject with some important messages. Form sent out again this week—please come.

**School dinners reminder**

Just a reminder since Easter that school dinners have increased from £2.50 per meal to £2.60—Please be aware of the additional 10p if you are calculating how much you need to put onto dinner accounts.

**Is Class 5 all about SATs?!**

An important message that, even as we head into the summer term and towards SAT tests and transition work, for us it is still about providing the children with a broad curriculum for enjoyment and progression of knowledge across all subjects. Of course they are well prepared, and there's some extra bits of support in school and after school, but it is so important to us that they still love school and enjoy the curriculum!

DATE	EVENT
Monday 6th May	Bank Holiday
